

Green Building - Extensions

LEVEL UP your coding skills with [Prodigy Learning](#) and their [Coding Credentials](#) program! The agent is an amazing resource in Minecraft that is often under-utilized by students. Consider checking out Prodigy Learning and their coding courses, and revisiting the lesson to use the agent to help with design challenges, such as building an elevator or creating a labyrinth in the museum gardens.

Credentials & Curriculum Pathway

Other Extension Ideas:

- We don't all live in green buildings. Help the family by making a list of things they can do to be more environmentally friendly!
- Look at a list of common items that are compostable, recyclable, then help the family sort their trash.
- Do a home audit of common ways you can help to save energy and conserve water.
- Use Minecraft to make a plan for new school garden.
