

## **Course Title**

The Aesthetics and Botox Clinic Course

## **Course Description**

This course is designed for the nurse practitioner who is looking for the training and information necessary to open an Aesthetics and Botox clinic or integrate these services into their already existing practice. This course discusses the clinical and business components of an Aesthetics and Botox clinic to include administrative and marketing considerations. The course provides an in-depth review of Botox and aesthetics and how it can be integrated successfully into your practice. The potential liabilities, legalities, and regulations of providing Aesthetics and Botox will be also reviewed.

## **Course Outcomes**

By the conclusion of this module, the student should be able to:

- Discuss the foundational science and clinical aspects of Botulinum Toxin A (Botox)
- Understand the how to inject Botox safely and effectively
- Understand the various clinical aspects and treatments of administering Aesthetics and Botox

Contact hours awarded: 9 total hours with 4 hours designated as pharmacology hours
