

Course Title

The Elite NP 3rd Annual Conference On-Demand

Course Description

The Elite NP 3rd Annual Conference On-Demand is a comprehensive three-day continuing education program designed to equip Nurse Practitioners with advanced clinical knowledge and entrepreneurial skills for establishing successful independent practices. The curriculum integrates cutting-edge functional medicine approaches with practical business strategies, covering specialized topics including aesthetic medicine, gut health, environmental medicine, metabolic health, and telehealth implementation. Through expert-led sessions featuring case studies, practical protocols, and business frameworks, participants will gain actionable insights for transitioning from traditional employment to profitable independent practice models. This conference bridges the gap between clinical expertise and business acumen, providing NPs with the tools to develop sustainable, patient-centered practices that address growing consumer demand for integrative and cash-based healthcare services.

Course Outcomes

By the conclusion of this module, the student should be able to:

- Analyze emerging trends in functional medicine and evaluate their application to independent NP practice models, including telehealth and cash-based services.
- Design a comprehensive business transition plan that incorporates automation, delegation, and multiple revenue streams to scale an NP practice without burnout.
- Implement evidence-based functional medicine protocols for gut health, environmental toxicity, metabolic syndrome, and mental health conditions using appropriate testing, supplementation, and lifestyle interventions.
- Evaluate opportunities to integrate aesthetic medicine services into practice, including patient selection criteria, procedural techniques, pricing strategies, and marketing approaches.
- Develop specialized telehealth workflows that effectively leverage functional medicine approaches while maintaining regulatory compliance and operational efficiency.
- Synthesize clinical and business knowledge to create a sustainable practice model that addresses root-cause medicine while generating consistent revenue through diversified service offerings.

Contact hours awarded: 11 total hours with 4 hours designated as pharmacology hours

Release date: 10/1/2025
