

ENGAGEMENT & MODELING

Becoming a MISSIONAL COMMUNITY

In the story of feeding the 5000 we see Jesus challenge the disciples to 'Go over to the other side'.

1. How is this relevant to your understanding of the **Mission of the Church**?

2. How can you **raise AWARENESS** in your Church of the Lostness, Pain and Brokenness of your community?

3. How could you align your **PRAYER strategy** of the Church to include focusing on the City?

4. What new (or established) **prayer initiatives** should you start or encourage in the Church?

5. Plot yourself as a Church in the **current ENGAGEMENT** of the different spheres of your City:
   (this is not where your people function on a daily basis – this is where the church has a program to be involved – it is important to remember that you do not have to be involved in every sphere when you start to engage in the city – initially you will probably focus on 2-3 spheres)

1 = No activity
2 = Once-off engagement
3 = Some engagement from time to time
4 = Grateful that there is good progress
5 = Excellent functioning and results

6. Which **spheres** do you think you as a church should engage in the next season?

7. What would be key steps you are going to take to raise **awareness** in the church?

8. How will you facilitate next steps for **engagement**?

9. How will you choose to **celebrate** what God is doing through the church in the community?
