

Museum Heist - Extensions

LEVEL UP your coding skills with [Prodigy Learning](#) and their [Coding Credentials](#) program! The agent is an amazing resource in Minecraft that is often under-utilized by students. Consider checking out Prodigy Learning and their coding courses, and revisiting the lesson to use the agent to help with design challenges, such as building an elevator or creating a labyrinth in the museum gardens.

Other Extension Ideas:

- Continue with other coding activities in the MC:EE Computer Science Subject Kit. The 2020 and the 2021 Hour of Code activities are very similar to Museum Heist, plus they allow you to attempt coding in Python, but just block coding
- Prior to beginning the activity, you could be introduced to basic algorithms through some unplugged coding activities.
- Reflect on the experience with coding – what did you do well? What challenged you? What would you like to improve on?
