TINA: THIS IS A WORK WITH KATHERINE CASE FILE. NEEDS THE PINK BOX AT THE TOP.

Synopsis for Case File 37

GO GET'UM TIGER!

This is a 30-day challenge. There are eight floor plans to review, comments to consider, and an extra page for your notes and questions. It is time to tackle these on your own. They are all real stories providing you with real circumstances and dilemmas ready for your insight and wisdom. Treat each and every one as if the client is your client.

When you purchase this Case File, you will have time with Katherine to review your submittals.

- What did you find?
- What are your concerns?
- What will you ask?
- What will you suggest beyond the correction of design details?

Don't be shy. Speak up. Take a risk. Own your power.

The emphasis in this Case File is practice—the practice of using your voice to express your unique understanding and personal power, allowing your work to meet the challenges of our daily lives.
