

Event Handling Relay information

Here are some example items that could be put in the Boxes of Senses.

Sight	Hearing	Touch	Taste	Smell
paper clips pencils clips fruit glasses	bells buzzers	paper clips pencils clips fruit glasses	jelly beans (or any particularly flavoured candy) grapes	scented markers scented candles

Here is an example Brain Event Handler Sheet filled in with some of the above.

Event	Action
A. See paperclips	Write “Dot”
B. Taste strawberry (jelly bean)	Write “great”
C. Smell blueberries (marker)	Write “and”
D. Hear bells	Write “is”
E. Smell vanilla	Write “silly”
F. Touch glasses	Write “Dash”
G. Hear buzzer	Write “fast”
H. Taste lemon.	Write “are”

Some possible box combinations yielding different action sequences:

Boxes	Action
A, C, F, H, B	Write: “Dash and Dot are great”
F, D, E	Write: “Dash is fast”
A, D, G	Write: “Dot is silly”
G, F, D, B	Write “fast Dash is great”
