

Evaluation Rubric

	Excellent	Competent	Needs work
Participation and Teamwork	The student actively participates in classroom discussions, answering questions and cooperating with group member(s) during the activity.	The student occasionally participates in classroom discussions and cooperates somewhat with group member(s).	The student does not participate in classroom discussion. The student does not cooperate with their group member(s) during the activity.
Angles	The student is able to measure and record angles precisely as well as identify obtuse, acute, right, and straight angles.	The student can measure and record angles with some precision. The student can identify different types of angles by looking at them but not by angle measurement.	The student can only measure angles with help from group members or the instructor. The student cannot identify different types of angles.
Programming	The student correctly uses variables in order to make Dash turn precise angles and follow the path closely.	The student uses variables and can make Dash move roughly along the path.	The student uses basic turning blocks to make Dash somewhat follow the path.
