

Evaluation Rubric

	Excellent	Competent	Needs work
Participation and Teamwork	The student actively participates in classroom discussions, answering questions and cooperating with group member(s) during the activity.	The student occasionally participates in classroom discussions and cooperates somewhat with group member(s).	The student does not participate in classroom discussion. The student does not cooperate with their group member(s) during the activity.
Programming	The student successfully set up a Blockly program using a When block for each speed.	The student successfully programmed the experiment, but used one When block and changed the speed each time.	The student programmed their experiment but with significant help from the teacher.
Report Writing	The student reported their research, hypothesis, results, and conclusions in a clear and precise manner.	The student reported most of the information they compiled but not all key pieces. The writing was somewhat unclear and disorganised.	The student only reported some of the information around the experiment. It was disorganised and didn't clearly state their conclusions.
Presentation	The student spoke clearly at an understandable pace and volume when presenting their conclusions.	The student spoke, but quickly and/or too quietly.	The student did not present their conclusions.
