

Fairy Tale Reimagined - Extensions

LEVEL UP your coding skills with [Prodigy Learning](#) and their [Coding Credentials](#) program! The agent is an amazing resource in Minecraft that is often under-utilized by students. Consider checking out Prodigy Learning and their coding courses, and revisiting the lesson to use the agent to help with design challenges, such as building an elevator or creating a labyrinth in the museum gardens.

Other Extension Ideas:

- Utilize redstone and other elements in game to combine coding / engineering skills with storytelling.
- Create a new story and add narration and screenshots to a video.
- Reproduce a world of another fairy tale.
- Create your own fairy tale story and create your own world to share with others.
