

Course Title

The Men's Health and Testosterone Clinic Course

Course Description

This course is designed to teach the nurse practitioner on how to integrate men's health services into their practice. This course will discuss how to prescribe testosterone replacement therapy, ED therapies, and various peptides to the male population. In addition, this course will walk the nurse practitioner through the process of starting their own men's health clinic from scratch.

Course Outcomes

- Students will understand the process of diagnosing various forms of hypogonadism and the appropriate treatment options each diagnosis entails.
- Students will understand how to treat patients with erectile dysfunction.
- Students will be able to understand how to start male patients on various peptide therapies.
- Students will understand the processes necessary to open a men's health clinic.

Contact hours awarded: 6 total hours with 2 hours designated as pharmacology hours.

Release date: 5/25/22
