

FLL Curriculum - Ontario

Record	
How many blocks were in your largest program?	>5

Questions	
Question 1 Science	How did you use the sound block to personalise your animal?
Ex: I made it sound like a T-Rex and a snake so it would be scary.	
Question 2 Science	How did you use the light block to personalise your animal?
Ex: I made it start of blue, and then turn red to show it was getting angry.	
Question 2 Science	How did you use the display block to personalise your animal?
Ex: I made my robot have start off with a smile, and then show his big sharp teeth.	
Question 3 Coding	What did the wait block allow you to do?
It allowed me to control how long each expression, light or sound lasted. I could make them happen quickly, or stay longer.	
Question 4 Coding	Could your animal take input from its surroundings?
No it was just following a set of instructions. We haven't added any sensors yet.
