

Course Title

The Medical Cannabis Clinic Course

Course Description

This course is designed to educate the nurse practitioner on how to provide medical cannabis evaluation services in their practice. How to appropriately evaluate patients seeking out medical cannabis cards will be discussed in addition to the science behind cannabis products. Additionally, foundational clinical components of medical cannabis will be discussed. The final half of the course walks the student through the process of starting a medical cannabis clinic from scratch.

Course Outcomes

- Students will be able to understand the physiology and pharmacology of medical cannabis.
- Students will understand the process of qualifying patients for medical cannabis cards.
- Students will understand the process behind opening their own medical cannabis clinic.
