

Synopsis for Case File 42, Navigating the Winds and Waters of Teaching

I treasure the opportunity that I have had to teach and mentor in the Black Sect tradition. As you find your place in front of a class, may your experience be guided by Professor's gentle heart and mind, his wise judgment, precision, humor, and uncommon understanding. I hope you can sense his gifts as you read Case File 42—for they are now yours to cultivate.

Your *Special Agent File* is full! Where you start is up to you.

Advice from Professor & Others:

I have included thoughts about the words “tantra” and “transcendental” so that you might be better prepared to explain them to students. I think you will also gain new insights about the word “secret.” It is a word you must be comfortable with as a teacher of Black Sect *Feng Shui*. There is also a great audio in this folder—*Our Scholarly Rabbit* (65 minutes of audio).
