19:22:18 From VR : With anger it feels like a contraction in the body - which when let go of, although the anger-making thing still there, there can seem the sense of floating above/beyond the situation. I can see that could be thought of as passivity (even when non complying) Is there non contracted aspect of anger?

19:24:55 From BM : Pure medicine listen to Peter 😊

19:25:01 From B : when a person has been sick most of their life is this because this was the only future they could invision? How can we manifest a future of health when we have only known sickness?

19:27:01 From J : Hi Peter, what are three deities/spirits worshipped by the power that be of the world ?

19:28:30 From iPhone : I have noticed when darkness and evil energy starts to build on one's system and if you are protected from it, this intelligent energy then goes to your money , relationships , careers , family and tries to get to you through those modes as it can't directly get to you due to protection. So how do we protect money , relationships , family etc from such evil intelligent energy from getting to us?

19:29:30 From J : Are khodams originally Persian entities ? As the word is in Parsi, how were they introduced in Javanese mysticism and spirituality ? Thanks

19:29:46 From D : can you talk about the Beduins & their Magick like Necromancy.

19:32:37 From MM : I'm needing to do some pointholding sessions now to heal my hip, (left sacroiliac joint problems + hernia) as I've had a lot of difficulties walking, + would like to know whether you will be available Peter to get some guidance about point location over the next few days + when you will be going out of contact (in Peru) for email questions?

19:35:49 From JY : What is the best method you have found to heal internal damages to the body organ system (from vampire black magic, voodoo, santeria, palo myombe, santa muerte) from microwave emf weapons designed to induce organ failure? Can Djinn intervene and prevent these disturbances from spiritual and financial progress?

19:36:24 From SP : Thank you Carrie

19:36:46 From TK : On the java page you state that "having travelled the world and learned many ancient magickal traditions, Javanese magick is the most powerful art I have ever come across". Were you comparing this to Vodou, Aghora, Dragon magick, Fairies, Djinn etc.?

19:44:13 From Carrie : Reacted to "Pure medicine listen..." with ❤️

19:44:52 From BM : Is it possible that you make a prayer for the application of all tenaga dalam and energies, like the Dragon Sutra which cobinizes all energies of dragons, so that we have one prayer but the intention directs the energy. so that we don't have to learn all 1000 different prayers of Teenage Dalam.

19:45:33 From FB : Reacted to "Is it possible that ..." with 👍

19:46:00 From SP : Speaking of the Javanese Magick Course, online I saw that Master Hari Winarso upgraded the original course so that the whole course is now twice as powerful. Will you be upgrading your course to include this upgrade well?

19:53:49 From MM : My tripple heater meridian has gone cold through having been unable to walk for a few weeks, + getting isolated, I want to get the candali fire back in, the UH part 1 only has candali 1+2, not enough, so should I go to the UH part 2 to do the candali levels 3-9 first or will Tenega Dalym or dragon sutra be better for building the fire in the belly?

19:54:40 From BC : Thank you.

19:55:01 From J : Replying to "Hi Peter, what are t..."
