What is special or unique about your community?

In 50 years will your community still be known for this?

What problems or issues face your community?

How could those issues be addressed?

If you were to build a sculpture to represent your community, what would it be?

What would others from across the world think of your community if they only saw the sculpture?

- Name

The logo for Minecraft Education Edition. The word "MINECRAFT" is written in a large, bold, grey, blocky font with a black outline and a slight 3D effect. Below it, the words "EDUCATION EDITION" are written in a smaller, white, sans-serif font on a blue, rectangular banner with a black outline and a slight 3D effect. The background is a blurred Minecraft landscape with green grass, trees, and a blue sky with white clouds. A large, white, pixelated arrow points downwards from the top center of the image.
